The villa offers spacious accommodation. The Front Lounge has a 58-inch smart cable TV with DVD and soundbar, a ceiling fan overhead and leather sofas. One sofa converts to a double bed.

The second, family lounge overlooks the pool. There is a selection of novels as well as a variety of movies for the 42-inch TV and DVD player. A ceiling fan is overhead.

The second, smaller en suite is the Donald Master. The queen-size bed has pillow-top mattress. This room has a TV, DVD, ceiling fan, breakfast table, cordless telephone and double closet. The bathroom has bath with shower over.

Unlike many villas, **Villa Southern Dunes** has dining places for all ten guests! No tiny table here. Plenty of room for all the family, whether to eat or solve one of our jigsaws!

The first of two en suite double bedrooms is the Mickey Master. The king-size bed has pillow-top mattress. There is TV, DVD, ceiling fan, breakfast table, sliding door access to the pool and cordless telephone. The large bathroom has a shower, tub and walk-in-closet. A variety of baby-items is also in the closet including high chair, crib, stroller and Disney baby bathrobes.

The well-equipped kitchen provides refrigerator, freezer, ice-maker, oven, dishwasher, microwave, waste disposal, kettle, toaster, blender and a second dining area for less formal dining.

The two twin rooms both have Disney themes (Nemo and Simba), TV, ceiling fan and a large closet. They share the third bathroom.
